

LATEST NEWS BY RIVER.

WASHINGTON, 30th.

SENATE.—Mr. Douglass presented a petition from Wise, the balloon man, asking Congress to make an appropriation of \$20,000 to enable him to make experiments with his balloon. After debate the petition was referred to the Committee on Naval Affairs.

Mr. Benton introduced a bill to accelerate the sale of public lands, pay public debts, extinguish Government titles to lands within the state; to grant lands to actual settlers, and to refuse lands to the states in which they lie.

The joint resolution from the House, declaring land warrants transferable, was referred to the Committee on Public Lands.

HOUSE.—Mr. Caldwell, of Ky., under a suspension of the rules, introduced a joint resolution, allowing land warrants, under the Bounty Act of 1850, to be transferable prior to location.

Mr. Vinton opposed the resolution saying the land would then fall into the hands of speculators.

Mr. Caldwell replied, insisting that the beneficiaries desired the amendment to the law and speculators did not. The resolution passed; yeas 108, nays 51.

CONSTITUTIONAL CONVENTION.—Mr. Humphreys' amendment was lost on Monday by a vote of 42 yeas to 44 nays. [See this amendment in another column. It has received its quietus, Good.]

The following, as a substance, in lieu of Sec. 38, which was stricken out in committee, was adopted by a vote of yeas 48, nays 38.

No new county shall be erected by the General Assembly containing less than 400 square miles; nor shall any county be reduced below that amount; nor shall the lines of any county be changed or territory taken therefrom, until the consent of such county be first obtained by a majority of all the voters given at some general election in favor of such change or detachment of territory.

FOREIGN.—THREE DAYS LATER.

A dispatch from Boston of the 30th says the steamer Baltic was obliged to put into Provincetown, an extreme point of Cape Cod, her coal having given out. The news shows a slight advance in cotton, 1/2 d.

The produce market was more active with a prospect of a further improvement. Corn market steady. Wool commanded increased attention, and holders are looking for higher rates. Wool in the manufacturing districts was steady and higher prices paid for yarns and woolsens. The English money market continues steady. The political news is not important. Continental affairs wear a pacific appearance.

Both Houses of the Legislature adjourned over on the 30th, no quorum being present—fifteen Senators and thirty Representatives present.

There was a fire in Philadelphia on Monday morning. It broke out in the press-room of the Ledger office, and destroyed the 4th, 5th, and 6th stories. Loss \$150,000.

The secretary of the Firemen's Insurance Company, New Orleans, has been arrested on a charge of embezzling \$100,000, about one half the capital of the company.

The river at Louisville on the 30th was falling fast, with 74 feet on the falls.

The steamer Talleyrand, from New Orleans to Nashville, with a full cargo, sunk, on Friday last, by running into the bank of the river during a fog—Loss \$800,000, which was mostly insured in Louisville.

The cholera is prevailing at Lake Providence, La.

The steamship Pacific arrived at N. Orleans, on the 28th, from Chagres, with 500 passengers and \$70,000 in gold dust.

RAMORDED LOSS OF THE STEAMER WITH JENNY LIND.—The Richmond Enquirer says:

There was a painful rumor yesterday that the steamer from Wilmington to Charleston, with Jenny Lind, &c., on board, was lost in the tempest on Sunday night. We have nothing to confirm the report—indeed, the telegraphic wires South, by which alone it could have come, are said to be out of order. We learn through passengers, who came from Charleston, on that night, that the storm was very violent, the baggage floating on the water which washed over the deck, and that the passengers were rejoiced to escape from their perilous position.

LATER.—We understand that accounts have been received of the arrival at Charleston of the steamer on board of which Miss Lind took passage. The storm was a dreadful one, but she got safely through it.

They have "Sallie Ward baskets" in Louisville, filled with "Jenny Lind kisses."

THE GALLIPOLIS JOURNAL.

Expressly for the Gallipolis Journal.

CINCINNATI MARKET.

December 31, 1850—7 P. M.

Flour.—The market is very firm, with sales of 1,750 bbls in lots at \$3 75, and 200 do at 3 80.

Provisions.—There is a good business doing in bulk and green meats, with sales of 100,000 lbs Shoulders and 15,000 pieces sides on private terms, and 1,500 pieces sides packed at 54c. In green meats we notice sales of 1,500 shoulders at 31c, and 1000 hams at 42c. The market continues firm with sales of 125 bbls Mess at \$10 75; 100 do at \$11, and 20 do dump at \$8.

Hogs.—Good heavy lots are in active demand, and we notice sales to-day of 130 at 4 25; 170 do at 4 10; 250 do at 4 20; 100 do at 4 40, and 250 at 4 25.

Whiskey.—The demand is good and the market very fair, owing to very moderate receipts. Sales of 250 bbls from river and 40 do from railroad at 25c, and 50 do from wagon at 25 1/2.

Cheese.—The demand is good with a steady and firm market; sales 30 boxes at 61c; 200 do selected at 7c, and 25 do at 10c.

Tobacco.—Sales of 10 boxes No. 1 Virginia at 40c.

Groceries.—The market generally quiet but firm, and the transactions are mostly confined to the jobbing trade. Sales of 30 bbls Molasses at 29c, and 54 do at 28c, cash; and 25 bags Coffee at 11 1/2, and 5 bbls low fair Sugar at 54c, cash.

The river has fallen 30 inches since yesterday evening, and is still receding; weather cold and cloudy.

NORTH CAROLINA has decided not to secede from the Union just yet, but to hold a State Convention next February and a Southern Convention next October, and meantime has condescended to be represented in Congress as heretofore.

'We breathe freer and deeper.'—Mr. Robert B. RHEAT (formerly R. B. Smith) is the U. S. Senator.

N. Y. Tribune.

Wistar's Balm of Wild Cherry.

WILL MIRACLES NEVER CEASE?—MORE EVIDENCE OF ITS HEALTH RESTORATIVE.—We wish it may be distinctly understood, that every certificate and statement of cures performed by Wistar's Balm of Wild Cherry, which we publish is strictly true. We give names and dates and invite the closest scrutiny, and challenge the most rigid inquiry as to the authenticity of our statements, knowing full well that a knowledge of facts is to the great superiority of this medicine, is alone necessary to insure its prescription. IT CURES! Wherever Wistar's Balm of Wild Cherry is introduced, it at once attains that high reputation which it so richly deserves. What can stop its sale when on every hand can be witnessed its wonderful cures? The worst cases of Asthma, recent but dangerous coughs, and also those that are of long standing, bronchitis and consumption (in its early stages), are always cured by this remarkable medicine. No other can be like it.

See advertisement.

Jan. 2.

GREAT INCONSIDERATE!!—Physicians prescribe Dr. Rogers' Liverwort and Tar in the last stages and the most hopeless cases of consumption, after all other medicines have failed, as it has proved itself to be the most extraordinary medical aid in curing that disease. Now this medicine is as valuable in the incipient stages, such as coughs, colds, &c., &c., when the lungs are not too far gone before ulceration takes place. It is seldom or ever known to fail in breaking up the most distressing cough or cold in a few hours time, if the directions are strictly followed.

The genuine Dr. Rogers' Liverwort and Tar which makes so many wonderful cures, is for sale by agents. See advertisement in another column.

Jan. 2.

MARRIED.—In this place, on the 30th inst., by the Rev. Saml. Bateman. Mr. ADDISON MCGILGHEIN to Mrs. CATHERINE MCFARLAND, all of Gallipolis.

In this town, on the 29th, by the same, Mr. JAS. MCCLURE to Miss ELIZA JAMES ROLPH; all of this place.

DIED.—In Springfield township, Dec. 28th, Wm. SWITZER, aged 50 years.—Mr. S. was an old and respected citizen of our county. The order of the Temple of Honor, of which he was a member, attended the funeral.

BARNUM'S

GREAT French Moving Dio-Panoramic representation of the Emperor NAPOLEON'S FUNERAL, representing his removal from St. Helena to France; his reception in Paris and the grand military display in honor of the restoration of the remains of the great Emperor to France and to Frenchmen, will be open for Exhibition at the Episcopal church, on Second street, below Court, Gallipolis, Ohio, on Thursday, Friday, and Saturday Evenings, and on Saturday Afternoon, at 3 o'clock, Jan. 2d, 3d, and 4th, 1851.

This magnificent spectacle was gotten up by the first Artist in Paris, expressly for Mr. Barnum's Museum in New York, at an expense of six thousand dollars.

IT IS NOT A PAINTING,

but consists of a combination of mechanical and artistic skill which has produced a perfect moving and life-like representation of every incident which occurred in this the most gorgeous pageant of modern times.

Does open at 5 o'clock, to commence at 7:30. Admission 25 cents; children half price. Appropriate music will be in attendance.

G. W. NICHOLS, Agent.

WM. NASH.

Gallipolis, Dec. 26, 1850.

LADIES' SELECT SCHOOL.

THE undersigned, under a vote of the Gallipolis Lyceum, have engaged Miss ELIZABETH E. LANG, of Kentonia, New York, to teach a SELECT LADIES' SCHOOL in the Lyceum Hall. We can recommend Miss Lang as a lady every way qualified to teach a school of the highest character. We have all those having girls wishing to attend such a school, whether in the town or in the country, to improve this opportunity of a good instructor. We intend the school to be equal to any Ladies' School in this part of Ohio, and if our ladies who are interested in such a school come forward as they ought, the school will be a permanent one. Those wishing further to inquire can call upon either of the undersigned. The terms will be as low as any school of an equal character. The school commenced Monday, December 23d.

IF you wish to see a superior Cooking

Stove call at Mathers' Stove Depot, and look at their Meteor Air-Tight Cooking Stoves, combining the principle of the double and single oven.

Look here, my Friends!

Are you a Father, laboring for the support of a family, and suffering from general debility and low spirits, so that life almost seems a burden, use Dr. S. D. Howe's Shaker Sarsaparilla.

ARE YOU A MOTHER, Suffering from diseases to which females are generally subject, use Dr. S. D. Howe's Shaker Sarsaparilla—it will certainly cure you.

Male or female, old or young, all and every family should have this excellent Family Medicine by them. Call at our depot, or on one of our Agents, and get a pamphlet, gratis, where you will find

FACTS! FACTS! FACTS!!!

That can be substantiated by thousands of living witnesses in this city and country, viz: that the

SHAKER SARSAPARILLA.

As prepared by Dr. S. D. Howe, has been the means of permanently curing more diseases to which the human family are continually subject, than any other preparation of Sarsaparilla ever yet brought before the public.

The purity and efficacy of the Shaker preparation is well known, and requires no long list of certificates and cures to introduce it; its increased demand for the past twelve years, is its best recommendation.

This medicine has established its high reputation throughout New York and New Hampshire, and the Eastern States generally, by its numerous and well attested cures; and also by the recommendation and approval of the first physicians, who now use it in their private practice.

It is the only Sarsaparilla that acts on the Liver, Kidneys and Blood at the same time, which renders it altogether more valuable to every one, particularly Females.

Dr. Munster, Professor in the Ohio Medical College, says the Shaker preparations are truly valuable, and recommends them to the public. No Mercury—no Mineral—no Poisonous Drugs in the Shaker Sarsaparilla.

REMEMBER,

It is warranted to be purely and ENTIRELY VEGETABLE, And as a Female and Family medicine it has no equal.

Be sure you inquire for Dr. S. D. Howe's Shaker Sarsaparilla, and take no other. Quot. Bottles \$1 per bottle, or six bottles for \$5.

FLEMING'S DRUG STORE.

GALLIPOLIS.

I HEREBY inform the public generally, and especially Physicians,

heads of families, and country dealers, that I have just received from the city of Philadelphia a very large assortment of DRUGS, CHEMICALS, DYE STUFFS, Vegetable and animal Oils, Patent Medicines, Perfumery, &c., &c., which, with my former stock, makes up all and general assortment of Good Articles of the kind, as was ever in this market. I respectfully invite Physicians to give me a call: for the reason, that in selecting my medicines, I have used every precaution in the compass of my power, to get no articles but those of the best quality. No one was ever more fully impressed than myself, with the conviction, that it matters but little what the capacity of a Physician may be, if his prescription, when sent to the Apothecary, is filled up with inert or adulterated medicines. Under such circumstances, a Physician of the best skill may lose his reputation, and his patient lose his life; and all for the sake of a little gain of the meannest kind. My light medicines, for their science and integrity, and my Chemicals altogether, are from the Laboratory of Charles Ellis & Co. of Philadelphia, one of the largest and best establishments of the kind on this continent, conducted by men, celebrated for their science and integrity, and with whom all Empiric and quackery are ousted and despised. In selecting my Patent Medicines I have been careful to reject every article not in well established repute. It is impossible in an advertisement to give an enumeration of half the articles in a Drug Shop; but I can assure all that may favor me with a call, that they can find most articles in my line, and as cheap as they can be had any where in this region.

BEWARE OF

Wistar's Balm of Wild Cherry.

The Great Remedy for Consumption of the Lungs, Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Throat, and other Affections of the Pulmonary Organs.

WISTAR'S BALM OF WILD CHERRY.

CHERRY is a fine herbal medicine; composed chiefly of Wild Cherry Bark, and the genuine Iceland Moss, (the latter imported expressly for this purpose), the rare medicinal virtues of which are also combined by a chemical process, with the extract of licorice—thus rendering the whole compound the most certain and efficacious remedy ever discovered for CONSUMPTION OF THE LUNGS.

Interesting Correspondence.—Dr. Wm. Y. Banks, of Xenia, Ohio, a highly respectable Druggist in that delightful village has informed us that the sale of Wistar's Balm of Wild Cherry is unparalleled. The demand for it is so eager, that he can scarcely keep himself supplied with it. He has had in his store medicines for lung affections. Some of these were esteemed good, and some gave temporary relief. But since he has
